JOSIAH TURNER, Jr., EDITOR.

(From the New York Journal of Commerce.)

THE FRANCE-PRUSSIAN WAR AND AMERICAN SYMPATHY.

American sympathy is divided between France and Prussia in the war now entered upon, but it is not very earnest, probably, either way. Of a dozen American citizens picked at random out of the streets, one-half might declare a kindlier feeling for Prussia, and one half for France. There is nothing in the nature of the quarrel and nothing in the current of national sympathy that would incline the American people, as a whole, to sympathize with the one contestant against the other. We have a large, industrious and excellent population, who have come hither from the North German and South German states. They steal almost unanimous for Prussia, and we entertain a profound respect for their opinions. But we also have a considerable percentage of Frenchmen among our adopted citizens or residents, between whom and our German friends it would be invidious to make comparison on the score of moral, business or social qualities. The numerical superiority of Germans over Frenchmen in this country—which gladly welcomes strangers from all lands and extends, or should extend, equal protection to all—should have no weight in determining the bias of the American mind towards Prussia. For Prussia, as a growing military power, this country has great admiration; and our people do not forget that she did not interfere against the United States during the civil war.—To the martial spirit and achievements of France it is also impossible to deny a similar tribute; but we cannot obliterate the painful impressions left by the efforts of Napoleon to divide this republic, and to take advantage of our calamity to capture Mexico. But, while remembering these facts, we also recall the noble and gallant efforts of France in our revolutionary war; and that reminiscence almost neutralizes the emotion of resentment which we feel against her for her later unkindness. We have a great trade with North Germany, and we also deal largely with France, so that our commercial interests do not dictate how our sympathies should go. But though on all these accounts American citizens range themselves according to their various feeble prepossessions on both sides, it is no exaggeration to say that the occurrence of war between France and Prussia is widely deplored among them. We are shocked at the thought that such rivers of blood must be shed, and such millions of treasure be wasted, and so much talent and energy be diverted from the pursuits of peaceful and honest industry—and all for what? To make of France or Prussia the undisputed chief power in Europe. For that is all that the contest will determine. That humanity will gain by it, that any more liberty and happiness will come to the people of France or of Prussia, or to people anywhere, after it is all over, we do not believe. If it were a struggle of republicans against monarchists—if a freer government, no matter how small, were to arise in any corner of Europe in consequence of the war—we could not withhold our Godspeed from that one of the two contestants who held out the hope of such a consummation. But the strife is only between a king and an emperor. Nobody is to be released from political thraldom—so far as we can now see—however the war turns out. Should Prussia win, she would only be the stronger to carry out her great idea of absorbing all the other North and South German states, and proclaiming King William, or his successor, Emperor of Germany. Should France triumph, the Napoleonic dynasty would be, to all appearances, more firmly seated on the throne than ever. Defeat either for France or for Prussia would not destroy Napoleonism in the one, or Bismarckism in the other. Neither power, however victorious it might be in one, two, three or more great battles, has the ability (judging, as we have to judge, from their military resources and capabilities,) to exterminate the other; and other European nations would find it for their interest to interfere to prevent that result should it be attempted. The war, therefore, as we forecast it, will not leave either of the combatants in a position of weakness or humiliation from which she will not recover as easily as Russia recovered from the Crimean disaster, or as Austria is rebuilding her fortunes after the Sadowa defeat. We hear the remark constantly made that Napoleon risks the hopes of a continuance of his dynasty on the hazard of this die. To be sure, he does put it in peril, and there he is at a disadvantage compared to the King of Prussia, the succession of whose heirs to the throne seems to be as well settled as any future human event can be. But, if the war is gamely fought by France, and she is beaten, defeat will not, as a matter of course, lessen the popular love of Frenchmen for Napoleon; it may, on the contrary, intensify it by the bond of a common misfortune. For the war is rather the act of France than of the French Emperor. He would not undertake it without a clear conviction that the French people want it. In truth, as we read the news, the Napoleonic dynasty would be more endangered by declining to fight with Prussia at the present opportunity than by grappling with her. This fact should be borne in mind by all persons who try to estimate the effects of the war upon imperial succession in France

We have said that the American people deplore this contest. But, at the same time, they are aware that sooner or later it must have taken place. War being inevitable, we think on the whole, that it had better occur now than at any other time; for with its termination there will probably come a reduction of the great standing armies of Europe, and the whole world will gain by the regulation of millions of men to the paths of industry and peace. And among our military men—if not among our masses of peaceful citizens—we doubt not there is a strong curiosity, co existent with a general regret, that the dread trial should be made, to see whether the Prussian or French military system is the better, whether the Frenchman of today is a match, or more or less than a match, for the Prussian of the period, and whether the needle gun or the Chassepot is the most effective weapon. These considerations will impart a great interest to the war, in an American point of view, while they leave undiminished the sorrow occasioned by the thought that hecatombs of human lives must be sacrificed in making the terrible experiments.

Returns show that last year no less than 2,758 horses were killed for food in Paris.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - - Waltham, Mass.
Ams Watch Co. - - - - Waltham, Mass.
American Watch Co.,
Crescent st., - - - - Waltham, Mass.

KIRK IN THE WEST.

A prominent Republican in the West writes as follows to a gentleman in this city. We are gratified to learn that hundreds of Republicans in the mountains disapprove of and denounce openly Gov. Holden's lawless usurpation and military schemes and outrages, and many of them openly proclaim that they will vote with the Conservatives. There is a distinction between *Radicalism* and Republicanism, and the prospect is that the Republicans will utterly repudiate Holden and company as General Dockery has done. The truth is, this Kirk movement ought to damn, forever, every man who suggested, aids, endorses or counsels it in any shape or form. It is a deliberate conspiracy to overturn the constitution and laws and continue in power, by force Holden, Pool & Co., a set of worn out political monsters whom the people justly detest. Pool pretends to dislike "carpet baggers," as we learn, and yet he presided at the last Radical Convention in this city, which endorsed Holden and his administration, while Pool knew that Holden had kept up the "carpet baggers" and sustained them from the beginning. But for Holden, the "carpet baggers" could never have plundered the State as they have, and Pool endorses Holden. They are fit persons to fraternize.

But here is an extract from the letter referred to. It shows significantly what western Republicans think of Kirk and Holden:

"DEAR SIR:—It being reported in this county that I recommended Gen. Kirk for the position of Colonel, which he now holds and is calling for recruits at Asheville—will you be so kind as to write me who did recommend him if you can learn, and what counties he will be ordered to take up his headquarters in. I shall be very much obliged to you for any information on the subject, as I am extremely anxious to clear myself of the false charge."

"If it is shown there is a King of the Ku Klux, he will swing in Wake County jail yard."—*Standard*.

This is intended for us. The Governor told our book-keeper that we were King of the Ku Klux. In his daily conversation for six months past he has charged and called us a Ku Klux. He knew he uttered a falsehood when he said it, he utters a falsehood when he repeats it.

As to your hanging us, Governor, we defy you. We think, however, the chances are that your leaguers may assassinate us.

The jail yard is only a hundred feet from our office and the *Standard* threatened six months ago to hang us on that very spot.

Now there is nothing wanting Governor, but pluck on your part. You have picked your place, the jail yard, and you have the rope, and we have the willing neck. So come on, we say. You have the rope, because you have a portion of the rope which hung John Brown. It was often exhibited in you office, and you paid a part of the expenses of a man to the hanging who brought it. You once valued this rope as much as you did the pen with which you signed the ordinance of Secession.

We know you boasted that you could "kill and make alive."

We know you called for the "*head of Abe Lincoln*" *long before Booth took it off.*

We know too that we are free, and we intend to preserve our personal freedom or perish with it.

THE NORTH CAROLINA RAILROAD BOND TRANSACTION.

It may be well to refresh the recollections of our readers in reference to the sale of certain Railroad bonds which belonged to the State, during the present administration of the State government. The facts are these, substantially: The State owns $3,000,000 stock in "the North Carolina Railroad Company." Just before Holden and Company came into power, this Company declared a dividend of 6 *per cent* to be paid in the mortgage bonds of the Company. So the State got $180,000 of the bonds. These bonds were and are to day, the best public bonds in the State; they have always been worth 90 cents in the dollar.—The Governor and Treasurer sold them and for what? *Just 65 cents in the dollars!*—The State, in this transaction, lost $54,000. Some body made that sum. To whom did the Governor and Treasurer sell these bonds? To George W. Swepson!! Do the people see the milk in the cocoanut?—"The Ring!" Ah, the mighty "Ring"—It has done more to impoverish the State and ruin its credit than all things else, not Holden's lawless army excepted.

Let the people, Conservatives and Republicans, white people and black people, all remember that the effort of the "Radicals," at the approaching election, is to keep Holden & Co. and the Ring in power. The Radical Convention that nominated Mr. Phillips expressly endorsed Holden and his administration, and Phillips goes in on this resolution. No body knows better how Holden & Co. and the Ring have swindled the State than Mr. Phillips, and yet he goes for the resolution endorsing Holden, Ring man as he is, and for keeping him in power to commit more crimes against the people. By the way, does Mr. Phillips endorse Holden's military policy? Let some one call him out at once.

TAX PAYERS, REMEMBER!

When the freemen of North Carolina go to the polls to vote, on the 4th day of August next, let them remember the following facts.

Under the last year of Gov. Worth's administration, the entire expenses of the State government were, in round numbers, $364,000.

Under the first year of Gov. Holden's administration, the expenses of the State government were, in round numbers, $746,000.

And you had to pay it!

Under the last year of Gov. Worth's administration, the expenses of keeping the Capitol Square here in Raleigh were $464 25.

Under the first year of Gov. Holden's administration the expenses of keeping the Capitol Square here in Raleigh were $3,087 73!

The Superintendent of Public Buildings, under the last year of Gov. Worth's administration, got for his services $500 00.

The keeper of the Capitol under the first year of Gov. Holden's administration, got for his services $1,054 17!

We just give these items of expense as samples of the increase in all departments of the State government, and the tax payers have to bear the burden. If your wives and children have to eat bread alone, and not enough of that, you must pay it.

Think of this when you go to vote.

And think also of the increased amount that will be laid on you next year to pay the expenses of the Governor's standing army, if the Radicals are kept in power.

Tax payers, think of these things.

Laboring men, who have to dig your money out of the ground, think of the heavy taxes they will heap on you, and then vote.

THE DUTY OF GOOD MEN.

It is now manifest beyond a doubt that the object of Holden, Pool & Co., is to carry the approaching election by intimidation and force, and to this end an army in express violation of law, at the cost of tens of thousands of dollars of the people's money has been organized and sent out to arrest many of the more prominent and best citizens of the State.

We trust the people of all parties recognize this despotic purpose, and will quietly and with unwavering determination go to the polls and vote for good and true men to fill the offices of the State, who pledge themselves not to vote a dollar to pay for this army of despotism, and will vote to hold Holden and his co workers to rigid account for their infamous crimes. It is matter of highest moment, that the people, at least all good men of all parties, should stand shoulder to shoulder in this emergency. It is not a question of party, the simple question is shall dishonest, corrupt and irresponsible men be turned out of office, and honest capable ones be put in office to administer the State government. That is the issue, no matter who the man is or what his party notions, if he is firmly resolved to turn out of office in the strictest way all who have robbed and disgraced the State. Again we say to the people of all parties, be firm and quiet, and go to the polls and vote against the graceless scamps who insult, outrage and plunder the State.

HOW IT TAKES.

We learn from a reliable source that O. H. Dockery, Esq., Republican candidate for Congress in the third district, as well as all the other candidates of that party in the district, with some few exceptions, take ground openly on the stump, against Gov. Holden and his war policy.

A gentleman in the vicinity of High Point, ordering the SENTINEL says, "Holden's blood hounds are doing noble service for the Conservative cause in this vicinity. Changes here are numerous and frequent. Let him go on with his hellish policy of oppression—retributive justice will be meted out to him in August."

We entered on our subscription list yesterday, the names of two prominent Republicans, who declared at the time of subscribing, that they could not and would not any longer support Holden in his revolutionary movements.

THE COST OF HOLDEN AND POOL'S ARMY.

We have called special attention to the fact that the Governor has organized a military force, commanded by one Kirk, and that there is no law authorizing any such force, and that it was in direct violation of the Constitutions and laws of this State and the United States. The people too are beginning to be familiar with the lawless and violent conduct of these armed men acting under the orders of the Governor. It may not be amiss to see how much of the people's money the Governor has used and is using in the perpetration of these high crimes.

Kirk is authorized, by the Governor, to *recruit* one thousand men. These men are armed and equipped like United States soldiers. The rule is that it costs $100 to arm and equip *each soldier*. Then to *arm and equip* this thousand men will cost *one hundred thousand dollars!* Then these men are to be fed and transported from place to place, and they must have baggage and waggons and horses and camp equippage. What these things will cost we have not the means of determining, but any one can readily see that the sum will be large.—Then these men are paid like officers and soldiers of the United States army. Every man will get $16 a month. There goes $16,000 per month to the men. Those acting as officers, all together, will get at least $5,000 per month. So this lawless army costs, in the outset, $100,000, and at least $30,000 per month as long as they continue to operate. Suppose the Governor keeps them up two months and *until after the election*, they will cost every dollar of $200,000. If any one doubts this statement, let him go and ask any honest military man.

What do the people think of that? In time of profound peace, no resistance, no pretended resistance to civil authority; the process of law runs everywhere in the State and any body, a child, can execute it, and yet Holden raised this lawless armed force to *execute* the law at the cost of $200 000! Think of that tax payers. This same man wants you to sustain and keep him in power, and this same armed force is to *force* you to do this thing. Will the people of any party do it? We trust not, we trust every honest Republican, who cares for himself and State, will step forward and vote for men who will make Holden account for his crimes and outrages.

NOW AND THEN.

While Col. Mallett, during the late war, commanded some fifteen or twenty thousand conscripts, many of them applied to Judge Pearson for relief by writ of *habeas corpus*, declaring that they were illegally held by military rule.

On one occasion Col. Mallett omitted to return an answer to Judge Pearson why he held a citizen who had sued out a writ of *habeas corpus* before him. The Judge was furious, and without hearing argument, issued an attachment against Col. Mallett for contempt. Col. Mallett had to appear, which he did, stating he had no intention of committing a contempt, and gave his excuse why he had not answered. Having thus purged himself of contempt, he was released from the attachment.

On Saturday, 16th inst., Judge Pearson issued a writ, ordering Kirk to have before him the body of Adolphus G. Moore, who petitioned for a writ of *habeas corpus*. On Sunday, 17th, Kirk received the order of the Judge, and sent as an answer, that he should not obey the order, and that "such things had played out," and that he was acting, in this, under the order of the Governor.

This is Thursday 21st, 2 o'clock, and Judge Pearson has been *hearing counsel* argue the case for over three days, and now, at the end of the argument, adjourns the case to take "one and probably two days to consider what he will do!"

In the meantime Mr. Moore, (and those similarly outraged) has been kidnapped and dragged across the country from Alamance to Caswell, where he is held a prisoner, subject to all the inconvenience and insult that may be heaped upon him, by Kirk and his men.

Judge Kerr and fifteen other good and respectable citizens of Caswell county, are now imprisoned with Mr. Moore and the others from Alamance, and no one of them has seen the legal warrant or knows the reason for his arrest.

There is not a Judge on the English Bench who, if so insolently defied, would have hesitated a moment to sustain the dignity of the law as embodied in his office and person, by issuing an immediate attachment against the party, and even leading the *posse*, if necessary, to bring him to account. And we should regard any Judge a curse to any country who would not do so.

We think we know why Judge Pearson hesitates in this matter. He will ultimately give the order to attach Kirk and have Mr. Moore and the others before him—we are sure of it—he can't do otherwise. The great wonder is, that he should have hesitated at all, or delayed a moment in letting the people see and know that their main and almost only hope of safety was not withdrawn from them, and the majesty of the law and the constitution vindicated.

"PLAYED OUT."

Kirk sends word by Mr. McAlister, to Judge Pearson, that he has "played out."

WILL THE FIGHTING BEGIN ON OUR COAST?—It would be a wonderful thing, indeed, if the first shock between the two great European powers that have just rushed to arms, should take place in the neighborhood of New York. Yet this is not absolutely impossible.

There is a North German frigate, the Ancona of twenty eight guns, now in our waters, and there are two French war vessels here, the Semiramis and the schoolship Jean Bart. If these are disposed to try conclusions under their respective flags, there is searoom outside where the naval engagements might be conducted very conveniently, and to the great satisfaction of the lovers of excitement.—*N. Y. Post.*

A CARD.

I learn that it has been reported on the streets in Raleigh that I had been liberated from my confinement by Col. Kirk because I had given information as to crimes committed in Alamance involving the guilt of other parties. I take this method of correcting this report, I have neither given nor promised to give any such information and possess none such that I could communicate. I was liberated upon no such grounds, but upon giving a bond for my appearance and keeping the peace prescribed by military authority.

THE CAMPAIGN OPENS IN GRANVILLE.

HENDERSON, N. C., July 18, 1870.

The campaign in this county opened today. It will be lively and spirited. Some excellent speaking talent is enlisted on both sides, and the general opinion is that the contest will be close.

The Democrats and Conservatives have, in the person of Col. L. C. Edwards, a distinguished and eloquent champion of reform and constitutional government. His speech, this evening, in reply to R. W. Lassiter was unanswerable. The whole official conduct of that gentleman was "laid open and bare to the comprehensive view," and things were told upon him which made the venerable Senator wince. The Bibles fraud, the Penitentiary swindles, and numerous other wrongs were mentioned in that clear, open, lucid and forcible manner which so eminently distinguishes the oratory of Col. Edwards. There was a catholicity of thought, a soberness and moderation of statement, which surprised even his warmest admirers, who, carried away with his splendid abilities, never for a moment before to-day claimed for him these qualities which his speech, this evening, so admirably developed. Edwards is the star orator of Granville. For dash, energy, freedom and grace, he has no rival in the county. As a brilliant and scholarly speaker there is no man in active political life in the county at all comparable to him. Speeches like these he made this evening cannot fail of effect upon even the colored voters. I cannot even attempt to sketch its outlines. Sufficient to say it was masterfully conceived and brilliantly delivered.

Col. Tazz Hargrove made an address to his "fellow citizens, white as well as colored" in which, with an unctuous candor, he told the negroes that it was true he had been a violent Democrat and Secessionist in days past and gone, but that this fact could not be pleaded in bar to his present political position. When he was against them, he told them so; when he was for them, he told them so. At all times he was sincere. Hargrove's whole harangue was *ad captandum*, though not, as was expected, violent. He fished about for the old line Democrat vote of this precinct, but I am happy to say his fishing seemed to be without results. The Democrats like Tazz well enough personally, but will repudiate him almost to a man at the polls.

The speech of Mr. Alexander Peace, nominated on Saturday to fill the vacancy created by the declination of W. H. F. Jenkins, Esq., was an able, moderate, practical and timely argument, abounding in many capital hits upon Col. Hargrove's course and evidently troubling that gentlemen's serenity of mind. Mr. Peace is quite a young man, from the south side of Tar River, recently settled in Oxford for the practice of the law, which by his excellent sense and business habits he will adorn, when a few more years are added to his head.

If the Conservatives hold up as well all around the county as they have started, and succeed in making the same impression as they have made here among the negroes, the ticket will be elected. We are doing our best. It is hoped our endeavors will be crowned on Aug. 4th with the boys of the conqueror.

C. W. H.

TO THE VOTERS OF CALDWELL COUNTY.

Since Col. James C. Harper has accepted the nomination for Congress in the 7th Congressional District it becomes necessary to hold a Convention for the purpose of suggesting a name for the House of Representatives from this County. I see that the 23rd inst. has been fixed as the day.—And as quite a large number of my friends have signified a purpose to place my name before this Convention, I take this method of saying, that while I fully appreciate the confidence of my friends, and feel thankful for the honor and trust heretofore bestowed upon me, I cannot consent to become a candidate, and hope my friends will not place my name before the Convention.

Professional engagements of an important character will require my absence from the State several days during the canvass, so that I might not be able to devote the necessary time. And in addition to this private, and pecuniary considerations, make it necessary, for me to give my whole time, and attention, to the practice of law. My clients demand it—my interest requires it—I will not therefore be a candidate.

One other reason; I could not become a candidate this late in the canvass, as I should desire to explain my votes on the various Rail Road bills in the last Legislature. I have heard objections to my votes on these measures. But I am sorry to say that the objections come principally from those Conservatives who *urged* and *advised* me to vote for them. It is well known that I did not vote for these measures because I endorsed the very extravagant efforts then being made in regard to internal improvements, but because I thought it *best under all the circumstances*, in order to secure *aid to my section of the State*. Of course, it was not contemplated by me at the time, that this "*monster*" "*Rail Road Ring*" would dispose of these bonds in the very way to defeat the building of the Roads, and greatly to cripple the credit of the State. In fact, I did propose certain *amendments* which would have effectually guarded against fraud, but being in the minority I was powerless.

I think in all kindness, those of my Conservative friends who urged me to go for the $2,000,000 on the Atlantic Tennessee and Ohio Road, when they saw a chance of getting *fat contracts* and *handling the money* ought to defend the member now for following their advice. Those zealous friends who were so delighted with the $15,000 appropriation for the Turnpike through Caldwell County, that the *ink had scarcely dried on the journals*, when they were *buying for the little offices* on the Road, and making determined efforts to *control the money*, ought, (at least,) to *palliate* the vote of the member who thus served their interest and desires. But I suppose the *objections, now* come, rather, to serve the interest of *special favorites* and *small fry* who make Conservatism or any other party organization a *pretext* for *sinister purposes*.—But knowing as I do that the great mass of the County sustain my course, I beg pardon for alluding to objections, coming from a *very small source*, a combination which does not represent the sentiment of the people of my county. I feel confident that the convention on next Saturday will select a man every way satisfactory to the Conservative party and one to whom I shall cheerfully give my support. Having already done considerable labor in the canvass in the different counties, I shall continue to devote all the time possible to secure the victory of the Democratic party on the 4th day of August next.

I have the honor to remain your obedient servant,

W. H. MALONE.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual* or *Stock* Companies, extending to policy holders, all their really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a *privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State, who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

GET YOUR TICKETS READY!

Conservatives of Wake, remember that the names of your township's candidates must be on your tickets. It is necessary therefore, for each township to send in a fairly written list of their township candidates, that they may be printed in time. Send the list to George H. Snow, Esq., Chairman of the County Executive Committee, with the number you want, and he will attend to having them printed on the Congressional and County ticket. Don't neglect a day, but attend to it at once.

Col. L. C. Edwards Conservative candidate for the Senate, will address the people of Person County at Holloway's on the 27th inst., at Woodsdale on the 28th, and at Roxboro on the 30th.

BALLOT BOX.—Whereas a number of boys from 16 to 20 years of age, and persons who have not resided in the county the necessary time prescribed by law, have registered and are still registering and have expressed their determination to *vote at the election*, this is to notify all good people having any information of such, to furnish their names to the Solicitor of the District in order that they may be *prosecuted* as the law directs.

By request of the County Executive Committee.

Don't fail to read the new ads.

THE RALEIGH FEMALE SEMINARY.—We wish to say a word about this new Institution, as we promised to do, when the advertisement appeared in our columns. We learn that it is proposed to establish a first class school for girls. All the primary branches will be taught, and in addition, Latin, Greek, French and German, the sciences, the higher Mathematics, Music and Art according to the taste and talents of the pupil. The University system will be adopted in all the more advanced studies, and the course will be gradually extended until a grade of scholarship is reached equal to that attained in male colleges.

The circular shows a corps of eight teachers, five in the Literary department, two in music and one in Art. Dr. Royall, the President, is a native of Charleston, a graduate of South Carolina College at Columbia, an accomplished gentleman and an instructor of distinguished reputation, both in his native State and in this.

Rev. P. H. Fontaine, the Professor of Mathematics and Chemistry is a graduate of the University of Va. and all the other teachers are competent and experienced imparters of knowledge. We heartily wish this new enterprise success and are pleased to hear of the promise of many scholars from abroad, five we understand are expected from as far West as Cleaveland County. The more good schools the better for our beautiful little city.

A PROMISING YOUTH.—Tyler Smith, brother to the horn-blower, has been nominated as Radical candidate for Sheriff of Johnson—just to "keep up appearances," as they couldn't get anybody else goose enough to take the position. He made his maiden speech the other day, beginning,

"Friends and fellow-citizens: I arise to announce myself a candidate for Sheriff of Johnston county and for the State of North Carolina—yes, for the whole United States."

(Voice in the crowd.) 'Under which one of the reconstruction acts does Johnston county elect a Sheriff for the whole United States?'

Smith piteously. "Please don't make fun of me," and he looked as if he was going to cry. He then began again. "My friends," as the scripture says, "a half a loaf is better than no bread." (Voice in the crowd,) "in what part of the Bible do you find that?"

Smith stopped to remember, and while he was trying to locate his quotation, some one asked him if he endorsed his big brother Wm. A. Smith?

"Well, no, not exactly," said the young aspirant for official honors, and finding by that time that he didn't know how to make a speech, he descended from the stand amid the deafening applause of two little negro boys who were scraping out a watermelon rind on the outskirts of the crowd.

We have received from the secretaries the proceedings of the Conservative Convention of this county, held last Saturday, but as we have already given the gist of the proceedings, in an editorial notice, and as we are pressed for space, we deem it unnecessary to publish the proceedings in full. Our ticket is complete and every body knows who our candidates are; let us work faithfully from now to the first Thursday in August to elect them. We can do it, if we work earnestly and harmoniously. We have the most cheering news from every township. The people are astounded and disgusted at the present movements of our Radical oppressors to lay an unbearable burden of taxation upon them, to support a lawless and unlawful standing army, to do what the civil authorities could do better, if we had responsible men in the offices to execute the laws.

"RESIST IF YOU DARE."

The Governor, it is apparent, furnishes editorial matter for the *Standard*. He can't disguise his manner and style. The impudence and want of truth clearly point to the article as from the pen of the Governor. The Governor says if an attempt be made to rescue the men held as prisoners by Kirk they will be shot, and Kirk says if attempt is made to enforce the writs, the prisoners shall be shot.

He begins and concludes an article "resist if you dare." He has a hundred negroes from Newbern in camp on Nash Square, which is just across the street from his house and he is hallooing to the white people "resist if you dare." You want resistance, and as soon as Judge Pearson speaks you will be resisted by the constitution and the laws. The constitution and the courts are intended to put down Kirk, Holden and the wicked who refuse to live in peace under the constitution and the law.

GLEAMINGS FROM STATE EXCHANGES.

The *Vindicator* says, the canvass is progressing most satisfactorily in Rutherford county. The people are aroused there, as everywhere, at the recent rapid strides towards despotic power on the part of Radical leaders.

The Superintendent of Public Instruction reports about $2,200 for Rutherford county; the School Commissioners of that county put it down at $3000. But a teacher of the county who has filled his contract for teaching and applied for his pay in due form, can't get his money nor hear anything from it, so he says.

Mr. Phillips had but a small crowd out to hear him at Rutherfordton.

JOHN T. WHEELER, Esq., is announced as a Conservative candidate for the House of Representatives for Northampton county, with good prospect of being elected.

TO THE CONSERVATIVES AND DEMOCRATS OF THE FIRST CONGRESSIONAL DISTRICT.

The undersigned were appointed by the District Convention which met in Edenton on the 23rd of June last, a Committee to present to the voters of this District, the name of a candidate of our party for Congress, if, upon consultation, we deemed it proper to make such nomination. The reference of the matter to a Committee was opposed in the Convention, but we are well assured that the action of the Convention, in that regard, is now entirely approved by the people of this and the second Senatorial District, including ten counties of the Congressional District.

Immediately after the adjournment of our Convention Timothy Morgan, Esq., of Perquimans, declared himself an independant candidate, against Hon. C. L. Cobb, our present Representative, and has published a card to the voters of the District, declaring himself the earnest advocate of "universal amnesty" for past political offences, opposed "to the wasteful extravagance and flagrant misapplication of the Treasure of the people, that has obtained in the working and organization of the Republican party," and denounces "the corruption and extravagance in the administration of our State government, and especially the onerous taxation, county, State and Federal, imposed upon our people, not to meet the needs of the government, but to pay and pamper a useless horde of officers."

Mr. Morgan is an honest man, and upon the issues he makes with his opponent is entitled to the support of every voter without regard to his political associations.

The Committee have carefully considered the matter with which they are charged, and have determined that it is not advisable to make any Conservative and Democratic nomination, and we earnestly and heartily commend Mr. Morgan to the support of every Conservative and Democrat in this District, with that support his election is assured.

For the Sentinel.

A meeting of the citizens of Nash county was held at Nashville, on Monday the 11th inst., for the purpose of reconciling conflicting interest and harmonizing the party which was in danger of a split between the two Democratic candidates for the house of Representatives in the next Legislature.

On motion of L. N. B. Battle, Esq., the Hon. A. H. Arrington was unanimously called to the Chair, and R. Bunn and L. M. Conyers were requested to act as Secretaries.

The Chairman, on being conducted to his seat, explained the object of the meeting and counselled harmony and union in his usual earnest and felicitous language, when

On motion of D. A. T. Ricks, Esq., the Chair appointed as a nominating committee from

Washington Township—L. N. B. Battle and Wm. Ross.
Liberty Township—R. Bunn and J. J. Drake.
Union Township—C. W. Ward and J. H. Rackley.
Middleton Township—Orren Cobb and G. W. Cooper.
Springfield Township—George Baines and Wm. Renfrow.
Chesterfield Township—Bennett Bunn.

On the retirement of the committee B. H. Bunn, Esq., was called on to entertain the meeting. He responded in a speech of some length, showing off the robberies, frauds, extravagances and general unreliability of the Radical party and pledging his word that nothing was wanted but a vigorous effort of the Democratic and Conservative party to hurl them from place and power.

Pending his speech the committee returned and reported the nomination of C. W. W. Woodard, Esq., for the House of Representatives, which nomination was unanimously confirmed by the meeting.

Mr. Woodard (who was in the house) being called for, came forward and accepted the nomination in a few appropriate remarks. After which Mr. Bunn resumed his speech in his usual patriotic and happy style and closed amid loud applause.

On motion of L. N. B. Battle, Esq., the meeting adjourned.

SWEET QUININE
Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar. Dose for dose, it is

WARRANTED
Fully equal in every way to Bitter Quinine,
AND, LIKE IT, IS THE ONE
Great, Positive, and Unfailing
CURE
For all Diseases of Malarious Origin.
Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE
is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE
acts as an **antidote to**, as well as a cure for, **malarial or miasmatic poison**, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE
over the use of old Bitter Quinine is the entire **absence of that intense, persistent bitterness**, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE
is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum secured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression, mean that their dividends are "ANNUAL" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS; paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

READ AND PONDER.

I never read a dozen pages of medicine in all my life, and of course know nothing about it. But, as I said before, Dr. Hammond is my authority for saying, that any man who smokes such good Cigars, or chews such good Tobacco, as you can find only at FINCK C. HARDIE'S, need have no fear of declining health. But will, on the contrary, improve in health and increase in flesh so long as he continues to use them.

Indeed the authority of such distinguished Physicians as Dr. Hammond is not needed to convince you that I only assert what can be substantiated, by contrasting our esteemed fellow citizens, Jos. C. Palmer and Jas. M. Towles, "who never smoke," with such men as my friends Creech on the corner, Mr. Tucker just opposite, Harvey Moore, of the SENTINEL, and Simon Hayes, the Livery Stable man, and a host of others I could name, who use my Cigars and Tobacco.

Suffer a word of exhortation; come and see me. Try my goods, and if I don't suit you go further and fare worse.

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, for a simple and beautiful mechanical arrangement never before accomplished by human ingenuity, making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word it combines with these ADVANTAGES, EXCLUSIVELY ITSOWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at MRS TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD !!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1865.

The above Fluid has been in constant use for upwards of three years, and has established its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to the other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation *depends.*

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
